Regional Chamber of Economy Niš

# ICT Forum 2010

## Invitation

The Association for Information and Telecommunication Technologies and the ICT Coordination Board of the Regional Chamber of Economy Niš are organizing the **ICT Forum in 2010** for the fourth time. This meeting of experts from ICT field and their customers will last for three days, from 2<sup>nd</sup> – 4<sup>th</sup> November 2010 and will take place at the Regional Chamber of Economy Niš.

The purpose of the **ICT Forum 2010** is the presentation of

Presentation, ICT Forum 2008

achievements and changes that happened during the last two years, since the previous ICT Forum. This gathering is aimed to the ICT community,

users of the ICT products

and services and everybody interested in events and news in this specific field. There will be professional presentations, online and panel presentations and round tables in order to enhance open discussions on the contemporary subjects in the ICT field.

The participants will have an opportunity to show their achievements through 15 minutes presentations in the RCE Niš Conference room (in person or by teleconferencing) or through poster displays set-up in the hallway throughout the duration of the ICT Forum. Round tables will be organized in the afternoons.

The **ICT Forum 2010** is an opportunity to present publicly your work, but also to see what others have done during the last two years. You can meet your customers, suppliers, colleagues and friends, discuss professional matters, make partnerships or just enjoy networking in very pleasant surroundings.

Previously organized **ICT Forum 2008** gathered 33 domestic and foreign exhibitors, while there were two round tables.

At the **ICT Forum 2010** we expect greater number of significant participants—representatives of companies and universities, such as **Telekom Serbia, PE of PTT Communications „Serbia“, Pakom Niš, Pogled Niš, EUnet Belgrade, RNIDS Belgrade, Faculty of Electronic Engineering Niš, Faculty of Mechanical Engineering Niš, Faculty of Electrical Engineering Belgrade, FIT Belgrade, Faculty of Technical Sciences Novi Sad, RATEL Belgrade, TeleGroup Belgrade, Seavus Skopje, Troxo Niš...**

Welcome to the ICT Forum 2010!

## ICT Forum 2010 Application Form

We are inviting all companies, institutions, universities, experts and professionals in the ICT field who are willing to present their latest achievements in the information and telecommunication technologies to announce their participation in the **ICT Forum 2010** by sending their applications to [infosys@rpknis.rs](mailto:infosys@rpknis.rs) in the following form:

- ☐ Company name
- ☐ Presentation title
- ☐ Name of presenter
- ☐ Address, phone, mail
- ☐ Type of presentation
  - Oral presentation
  - Teleconferencing
  - Poster display

Present your achievements in wireless and fixed telecommunications, security of the information on the Internet, information systems of the government authorities, production processes and business enterprises management...

Round tables will be organized on the topics:

- ☐ Outsourcing — opportunity to increase employment
- ☐ Open Source — opportunities and trends

panel dimension: 180x90cm
