Main topic: Research, education and innovation as key drivers for knowledge-based society

ICTT 2013 is an international forum devoted to the role of knowledge triangle in modern society. The conference can be seen as a flagship of the project 158881-TEMPUS-1-2009-1-RS-TEMPUS-JPHES "National Platform for Knowledge Triangle in Serbia", which links education, research and innovation together, as three crucial drivers for sustainable development.

The purpose of the conference is to serve as catalyst for exchange of ideas.

Topics of interest include, but are not limited to

- ✓ Track 1: Research, Education and Innovation
- ✓ Track 2: University-Industry Cooperation
- ✓ Track 3: Quality Assurance in Education and Research
- ✓ Track 4: The Role of Technology Transfer Offices
- ✓ Track 5: Students in Technology Transfer and Research
- ✓ Track 6: EU projects as a Chance for Development

ICTT 2013 will be organized by University of Niš in collaboration with University of Belgrade, University of Novi Sad, University of Kragujevac, National Council for Higher Education, Ministry of Education Science and Technology Development - Republic of Serbia, and Chamber of Commerce and Industry of Serbia.

It will be held at Faculty of Electronic Engineering, University of Niš, Serbia.

Prospective authors are invited to submit 4, 6 or 8-page full paper reporting experiences and results in the field of Technology Transfer. Papers should meet the standard given at <http://knowts.elfak.ni.ac.rs/ictt/>. All submissions should be made at ictt2013@elfak.ni.ac.rs. Accepted papers will be published in the conference proceedings.

Welcome to Nis, the birthplace of Constantine the Great, in the year of celebration of the great jubilee - the 1700 years of Milan Edict.
